ARTISANAL HAND TABLE PRINT

Different and old method of printing. The design screen is made and ink paste hand rubbed on a print table.

The operation is simple, uses no electricity and offers a wide canvas for the designers, as there is no color limitations, limitations in terms of technique and timing. Additionally it gives work to rural artisans.

We offer fusion of multiple technique, were this is one of such method of print.

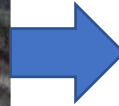

Table Print

The ideal combination of Artisanal look, unlimited colors, big repeat and fusion prints.

We offer this in all colors from the normal Reactive (ZDHC) compliant to the natural dyes and also Indigo.

The advantage here is the repeat nature of machine print is overcome with fusion of spray, tie dye and no color limitations.

The MOQ can be low. Offers large capacity. Has advantage of it being LOW CARBON foot print process.
