INDIGO MUD HAND PRINTED

Indigo is a deep and rich colour close to the colour wheel blue, as well as to some variants to ultramarine. It is traditionally regarded as a colour in the visible spectrum, as well as one of the seven colour of the rainbow: the colour between purple and blue. The colour indigo is named after the indigo dye derived from the plant *Indigofera tinctoria* and related species.

Mud has distinctive natural look. The motif is rounded and we offer it in indigo and other colours.
